## Aim

Communications between family members and the Service are considered crucial for a child to reach their full development. Therefore, we aim to provide an environment where there is a strong emphasis on family/Service communication to allow consistency and continuity between the home and the Service environment. By encouraging family members to be involved in the service, we aim to provide a service that best meets the needs of our community.

# Implementation

## Parent Communication

Our Service aims to provide as many outlets as possible for family/service communication. These include:

- Face to face.
- Storypark Communications
- Regular newsletters which will be placed on Storypark and available from Reception display.
- A communications book in the service's foyer.
- A notice board displaying upcoming events and notices.
- Regular informal meetings with parents and the opportunity to plan formal meetings if necessary.
- A Suggestions Box in the foyer where parents can anonymously (or give their names if desired) make suggestions to improve the service.
- Short surveys regarding the service's philosophy and how you feel your child/ren feel about the service.
- Each family will be allocated a 'pocket' where private correspondence between educators, the nominated supervisor or approved provider and the family can take place.

If necessary, educators have support and access to translation services to provide this information for non-English speaking families.

## Parental and Family Involvement

- Families are welcome to visit at any time of the day. (The Approved Provider, Nominated Supervisor and educators will not allow a parent to enter the service premises if they reasonably believe this would contravene a court order.)
- Families are encouraged to make suggestions and offer critique on our program, philosophy, management and food menu.
- Families are encouraged to share aspects of their culture with the educators and children as well as appropriate experiences.
- Families are invited to participate in the service's daily routine by helping out with activities such as craft, the preparation of morning tea, special activities and afternoon tea.

- Minutes of regular educator/parents meetings will be kept aside for either side to make suggestions.

### **Parent Support**

For those families undergoing difficult situations and who seek assistance from service, the service will offer support as appropriate. Our service offers a parent library which provides resources and contact numbers for various support groups within the local community.

For families who use English as a second language, translated documents can be provided.

### **Parent Grievances**

Our Grievance Policy outlines the steps we take to address complaints and grievances from educators, staff, families, visitors and volunteers.

# **Parent Questionnaire**

Dear Parent

We wish to provide your child/ren with the highest level of care. In order to do this, we would like your opinion on how you feel the Service is being run and how our programs and our philosophy is helping your child develop. It would help us if you provided us with your thoughts on what our Service's strengths and weaknesses are so we can work to improve these.

Attached is a questionnaire which asks your opinion of some important educational issues. It would help us if you could answer these as honestly as possible. Your responses will be kept private and confidential.
